Dear Members:

Thanks to all of you who have responded to our pleas to help us update the membership information and subscription lists of the Himalayan Research Bulletin. Since becoming editors, we have constantly tried to untangle member addresses and sort out your subscriptions. Please help us now in one last series of efforts.

- Look at your mailing label. The number after your name indicates the last year of your membership: for example, if your label says MEM 82, you will continue to receive the HRB through 1982 (all of Volume II). If your label says EXC, please keep sending us your publication in exchange for free receipt of the HRB. If there is no year number following your name, we have not heard from you since we became editors and need to know if you want to continue your membership in the Nepal Studies Association with subscription to the Himalayan Research Bulletin.
- If you want to continue your member subscription. We try to keep the cost of membership in the Nepal Studies Association with its subscription to the HRB as low as possible, but, even with the additional support from the South Asia Program at Cornell, rising production and mailing costs have forced changes in membership rates (see inside cover). Please send us your payment, along with the member information form from the back of this issue.
- In future years your annual membership and subscription will run through one calendar year with its corresponding volume numbers. We ask that you remember to renew your membership after the Fall issue of the HRB each year.
- If you have any questions or problems, do not hesitate to contact us. We know there have been some difficulties with names, addresses, payments, etc. We do not want to take any names off the NSA membership list. If you have had any problems receiving your HRB (or know someone who has), please let us know.

Thank you for your help and patience. We want to reach as many people as effectively and inexpensively as possible.
